Volunteer Appreciation

Our volunteers are vital to the success at Hestóvin Stables. They assist us in the barn, with the horses, and during our therapeutic programs. We are truly thankful for the time, energy, and commitment each of our volunteers give to us.

Volunteer Spotlight Whitney Corl

Whitney Corl was our very first volunteer! Whitney has come to our barn each week to help keep our barn looking at its best. Whitney has a job which she accomplishes each time and then she is always willing to help us in additional ways. Whitney is consistent (she has never missed a week!) And always willing to get started immediately with her tasks. We all look forward to Tuesday mornings! Whitney tells us she likes sweeping (cleaning) and brushing the horses!

Happy New Year!

What an amazing ride it has been for Hestóvin Stables! Three months ago we moved in to our barn and began fulfilling our mission and dreams. We are deeply grateful and stand in awe as we see people being impacted and lives being changed. Hestóvin Stables is making our little corner of this big world a better place.

We send warm wishes for the new year! That 2023 will be filled with kindness, joy, and peace, good health, positive growth, love and laughter.
