RIDER SPOTLIGHT

Alsae and Renner Hersman

have been riding at Hestóvin Stables since November. Here's what they have to say about the time they spend with us:

Alsae - "I love the horses! Riding and grooming them makes me so happy. I also love seeing Lauren and doing all the fun activities in the arena."

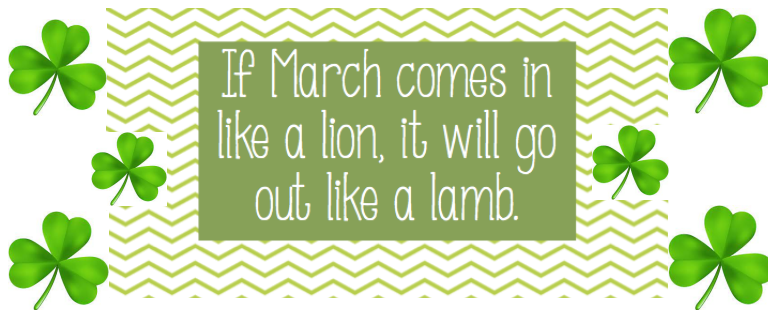

Renner - "I love being on the horses and trotting and doing around the world. Giving them treats makes me happy too!"

March came in like a "li-amb"! Weather-wise it wasn't a snowy blizzard, nor was it a mild lamb. We better be prepared for the gamut of weather only Michigan can produce at the end of March.

At our first Horse-in-tine's Day Party we groomed and decorated Glóa's mane and tail with pink heart and bow clips, made gingerbread stables, read a story about friendship, and add Valentine's Day goodies.

We also held our second of three Meet-the-Horses class through the Forest Hills Community Enrichment Program. These classes have been a big hit and we will continue to offer them in FSPS Spring catalog.
